Nancee Blum, MSW, LISW

# Understanding Borderline Personality Disorder and the STEPPS™ Approach to Treatment

Nancee Blum is currently a clinician and researcher in the Department of Psychiatry at The University of Iowa. She is also an adjunct instructor in the College of Medicine, the College of Nursing, and the School of Social Work.

Ms. Blum was a medical editor and writer for many years prior to receiving her MSW from The University of Iowa in 1989. She has authored or co-authored numerous journal articles and book chapters in social work and psychiatry. In addition she has co-authored 'The Structured Interview for DSM-IV Personality, published by the American Psychiatric Press (with Bruce Pfohl and Mark Zimmerman).

Her professional interests include Borderline Personality Disorder and Obsessive-Compulsive Disorder, and she serves on the Scientific Advisory Board of TARA (Treatment and Research Advancements in Personality Disorders). She presents numerous training workshops on STEPPS and STAIRWAYS in the US and internationally.

Victoria Workshop is being held Friday and Saturday October 8 & 9.
